

Maserati Register Update 2014-04

August 2014

This is a brief update on events for the remainder of 2014. I am currently driving across the USA and then heading on to Modena for the Centennial Gathering in September. I will send out a full newsletter on my return.

Motorclassica 24 to 26 October 2014, Royal Exhibition Building, Carlton

The celebration of Maserati's centenary will be a major feature of this year's Motorclassica. There will be a wonderful array of both racing cars and road cars. Maserati Australia will also have a prominent display. Please come along and support our marque and see a fabulous display of some of Australia's best cars.

Motorclassica Club Sandwich Saturday 25 October 2014, Royal Exhibition Building

As part of the Motorclassica exhibition, the Maserati Register will be displaying as many old and new modern Maseratis as we can muster in a specially allocated area outside the exhibition Building. This is a fabulous opportunity to exhibit a wide range of models and to promote the marque.

I urge all Maserati owners to join us on the Saturday. We need to provide numbers to Motorclassica as soon as possible, so please advise us if you wish to display your car. Please reply to Sebastian Bongiorno with a copy to me at:

sbongiorno@projectofficeinteriors.com.au

gove@transaction.com.au

Motorclassica TVC

The Motorclassica TV commercial should be screening shortly and it features 3 Maseratis. There are 15, 30 and 60 second versions.

Maserati Centennial Gathering, Modena Italy, 18 to 20 September 2004

Around 15 to 20 Australians will be attending the Centennial Gathering as part of various packages. If you are attending please let me know so that we can arrange an Aussie get-together over there.

Maserati Australian Centenary Meet Postponed

Unfortunately, due to logistical and time constraints, it has been decided to postpone this Meet (to be held over 3 nights) to early next year, probably around March or April. More details to follow.

Alfa Romeo Club Spettacolo 30 November, Wesley College

This year (and ensuing years I hope), the Alfa Romeo Car Club will have a reserved area for 5 classic examples from each of Maserati, Ferrari, Lamborghini, Fiat and Lancia.

The club will provide a dedicated area on the Wesley College field for these companion Italian marques.

Centenary Static Display Docklands, 7 December (TBC)

A static display is planned for Docklands which will showcase Maseratis of all ages. We have tentative approval (subject to confirmation) from Melbourne City Council for a display on December 14th which is the exact date of the Centenary. We're hoping to get as many Maseratis as possible of all ages to the display to end the Centenary year with a major display. Please let me know if you wish to join us for this fabulous celebration.

Thanks to Sebastian Bongiorno for his work and assistance in organising this.

Italian Auto Icons Sunday 1 March, 2015

Following the success of the Italian Auto Icons earlier this year, another exhibition has been planned for Lygon Street in Carlton next year on 1st March. Organisers want around 6 to 8 cars from each Italian Car Club. More details nearer the event.

Maserati International Rally, France, 24 to 27 September 2015

The Maserati Club of France is hosting the 2015 International Maserati Rally which will be held in SW France and the Basque area from the 24th to 27th September. This will include driveways to famous locations including Bayonne, Biarritz and St Jean de Luz. I will post more details as I receive them.

Join the Club !!!

Many of you who receive this newsletter are current or past Maserati owners, but are not currently members of the Maserati Club of Australia. We are trying to organise more and more events for Maserati owners, so to those who are not currently members, please support us and join the club. The more owners and Maserati enthusiasts we have in the club, the more events we can organise for you.

For any queries or further information on any of the above activities, please contact me (John Gove) on 0419 770 600 or email me at gove@transaction.com.au.
